

Currency

Method	URL	Example
GET	/api/v1/currencies/<currencyId>	https://api.spreadshirt.net/api/v1/currencies/1?mediaType=json

Allows to look up meta data of your shop's currency. Most notably, fields "symbol", "decimalCount" and "pattern" can be used to format prices in a localized way (as described in the tutorial).

Example Payload

```
{
  "href" : "https://api.spreadshirt.net/api/v1/currencies/1",
  "id" : "1",
  "plain" : "EUR",
  "isoCode" : "EUR",
  "symbol" : "€",
  "decimalCount" : 2,
  "pattern" : "% $"
}
```
